## BULGARIA

Attacked From Both North  
And South by Entente  
Allies

### BRITISH TROOPS ACTIVE

Start New Drive In Macedo-  
nia In Conjunction With  
Operations of Russians  
and Rumanians On the  
North—Bulgars Caught  
Between Two Armies—  
Action On Somme Front

(ASSOCIATED PRESS TELEGRAM)  
London, Sept. 11.—Attacks on  
Bulgaria from both the north and  
south are apparently in preparation  
by the entente armies in the Bal-  
kans.

A movement from the south de-  
veloped today in official news from  
Paris that the British had taken the  
offensive on the northeastern Macedo-  
nian front. They have crossed the  
Struma about 40 miles north-  
east of Saloniki in an advance to-  
ward the Bulgarian border, after  
strong artillery preparation and are  
attacking the villages of Nevojen  
and Karabjades.

At the beginning of the Macedo-  
nian operations last month the  
Bulgarians pushed down rapidly  
from the border and occupied posi-  
tions in Greek territory on the right  
flank of the allied defensive lines  
around Saloniki pushing their ad-  
vance to the Aegean coast with ap-  
parently little opposition.

The present British thrust, which  
may mean the beginning of an im-  
portant offensive with the object of  
placing Bulgaria between two fires,  
is directed along the main road to  
Seres, north of Thessalonika, the  
natural avenue of advance for an  
army pushing for the Bulgarian  
border.

Meanwhile the effort to encom-  
pass Bulgaria is proceeding on the  
north with the rapid arrival of Rus-  
sian troops in strong force to take  
the offensive against the Bulgarians,  
who have invaded the Rumanian  
province of Dobruja, occupying  
large areas and capturing the fort-  
resses of Turtukai and Silistria.

In northern France the Germans  
are responding to the heavy blows  
which drove back their lines along  
several miles of the Somme front  
last week. Yesterday and last night  
they struck hard at both the French  
and the British, but according to the  
allies were unable to gain any of  
the lost ground. In their attacks on  
the French south of the Somme  
from Berny to Chelonne, the Ger-  
mans used flaming liquid in as-  
sault after assault, but without suc-  
cess. They suffered heavily in these  
fruitless attempts, Paris declares.

The British were attacked at  
Ginchy, the village captured by  
them last Saturday, but beat off the  
two advances made by the Germans,  
as they did also attempt against  
British positions near Mouquet farm  
and Pozieres.

PINCHOT WILL  
SUPPORT HUGHES  
AS PROGRESSIVE.

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Sept. 11.—Gifford Pin-  
chot, prominently identified with  
the Progressive party, today made  
public statement in which he an-  
nounced his intention of supporting  
Charles E. Hughes, the Republican  
nominee for President.

Mr. Pinchot prefaces his state-  
ment by saying that he is neither a  
Democrat nor a Republican, but a  
Progressive and that in view of the  
fact that there is no Progressive  
candidate for President he must  
vote for either the Democratic or  
Republican nominee.

"As a Progressive, I believe in  
nationalism," said the statement.  
"So does Hughes. I am certain that  
under Hughes the Progressive pol-  
icies will fare better than under Wil-  
son, and that the safety, honor and  
welfare of the country will be in  
immeasurably surer hands."

FAIL TO GAIN  
GROUND LOST TO  
BRITISH TROOPS.

(ASSOCIATED PRESS TELEGRAM)  
London, Sept. 11.—Two efforts  
were made yesterday by the Ger-  
mans to recapture Ginchy, on the  
Somme front from the British, but  
it is announced officially the attacks  
were beaten off.

The statement follows:  
"The enemy made two more  
counter-attacks on Ginchy yesterday  
which were repulsed. Several small  
detachments of hostile infantry at-  
tempted to attack our line near  
Mouquet farm and in the vicinity of  
Pozieres but were driven off."

"Between Neuville St. Vaast and  
Labasse canal our troops entered  
the enemy's trenches at several  
places taking prisoners."

LIQUID FIRE IS  
USED BY GERMANS  
IN SOMME ATTACK.

(ASSOCIATED PRESS TELEGRAM)  
Paris, Sept. 11.—Five times last  
night the Germans attacked positions  
newly won by the French on the  
Somme front. The war office an-  
nounces they were repulsed each  
time with heavy loss.

The official report says the Ger-  
mans employed burning liquid in  
making their attacks. The fighting  
occurred south of the Somme, from  
Berny to the region south of Chau-  
pigny.

## INDIANA DUNES MAY BECOME U. S. PARK

Stephen Mather.

Stephen Mather is special assistant  
to the secretary of the interior and  
in charge of the national park system.  
He will make the preliminary de-  
cision as to whether the dunes along  
Lake Michigan in Indiana shall be  
turned into a national park. Should  
he recommend such a plan, congress  
would probably take favorable action.

## YANKEE SCOUTS FIND NO TRACE OF VILLA BAND

(ASSOCIATED PRESS TELEGRAM)  
San Antonio, Texas, Sept. 11.—  
Scouts of the American army in  
Mexico have penetrated the Santa  
Clara canyon in search of Francisco  
Villa's marauding band and have  
not found it there.

This was the substance of a mes-  
sage received today by General  
Eunston from General Pershing  
who said he believed Villa was in  
the vicinity of San Andres, about  
35 miles west of Chihuahua City.

General Pershing did not say so,  
but it is believed here that the  
American scouts must have been  
supported by at least a small force  
as the canyon is more than fifty  
miles south of the southernmost  
American line.

It is not thought an insignificant  
patrol would take a chance on en-  
countering the Villa band without  
the assurance of adequate support.

This is the first indication in  
many weeks that General Pershing's  
men have been operating at any dis-  
tance from their base. General  
Pershing reported that in the sec-  
tion traversed the natives professed  
not to have seen or heard of Villa.

## HOUSEWIVES GO AFTER HIGH PRICES BAKERS BEAR BRUNT

(ASSOCIATED PRESS TELEGRAM)  
Chicago, Sept. 11.—Housewives of  
Chicago were today urged to weigh  
the bread they buy and to assist the  
city departments of weights and  
measures in watching local bakers  
for violations of the anti-trust laws  
and the ordinance against short  
weights.

The request came from William F.  
Cluett, in Chicago, in charge of this  
part of the department's work, who  
announced that he would have a  
corps of inspectors scattered over  
Chicago today to test the weights of  
loaves.

The announcement by a leading  
baking concern Saturday that for  
several days it had been cutting  
down the weight of its five-cent loaf  
of bread was responsible for Mr.  
Cluett's message to Chicago house-  
wives and his determination to learn  
for himself whether consumers were  
receiving what they paid for.

The United States district attor-  
ney, the state's attorney and the  
Chicago city council have already  
started investigations into the bak-  
ery situation.

HOUSEWIVES TO ORGANIZE.

(ASSOCIATED PRESS TELEGRAM)  
Toledo, Sept. 11.—War has been  
declared on the high cost of living.  
The Housewives' League last night  
decided at a meeting to organize to-  
day and go before the city council  
tonight in protest against the recent  
twenty per cent. increase in the  
price of food. They claim the ad-  
vance is not justifiable.

The recent raise in the price of  
bread following the meeting of mas-  
ter bakers in Chicago is the point  
which has driven the housewives in  
to a battling brigade.

## NATIONAL

Issues In Maine Election In-  
terests Leaders of  
Both Parties

### IS NORMALLY REPUBLICAN

Scant Republican Victory  
Or Small Democratic Plu-  
rality Would Be Accepted  
As Endorsement of Presi-  
dent Wilson's Policies—  
Fair Weather Indicates a  
Heavy Vote

(ASSOCIATED PRESS TELEGRAM)  
Portland, Me., Sept. 11.—Voters of  
Maine to the number of 140,000 or  
more went to the polls today to elect  
a governor, two United States sena-  
tors, four representatives in congress,  
a state legislature and state audi-  
tor.

National issues have been brought  
to the fore and party leaders brought  
hundreds of speakers into the state,  
including former Justice Hughes,  
former Vice President Fairbanks and  
members of President Wilson's cabi-  
net to persuade voters to line up  
with or against the national executive  
and the majority in congress.

Maine, however, is normally "Re-  
publican, and the Democratic leaders  
insisted that something more than a  
scant Republican victory would be  
required to constitute repudiation of  
the administration while a Democrati-  
c plurality, however small, would be  
accepted by them as an endorsement.

Fair weather prevailed and this  
was expected to cause a big vote,  
equally desired by both sides. A  
governor, auditor, four congressmen,  
two United States senators and a  
state legislature will be chosen.

The state officers are now Demo-  
cratic and that party has one United  
States senator and one of the four  
congressmen.

**DROPS PROCLAMATIONS.**  
(ASSOCIATED PRESS TELEGRAM)  
Havre, Sept. 11.—An official state-  
ment issued by the Belgian war of-  
fice says that a Belgian aviator flew  
over Brussels on Wednesday night  
and dropped copies of a proclamation.  
Another aviator performed a similar  
mission over Antwerp on Thursday.

## TURKS

DEFEAT BY RUSSIANS IN BAT-  
TLE SUNDAY IN TURKISH  
ARMENIA.

Enemy Flees and Russians Are Pur-  
suing Them—Prisoners and  
Guns Are Captured.

(ASSOCIATED PRESS TELEGRAM)  
Petrograd, Sept. 11, via London.  
—A victory for the Russians over  
Turkish troops in Persia is reported  
in today's war office statement. In  
the region of Sakizki the town of  
Eana has been occupied by Russian  
forces following a battle in which  
the Turks were defeated. Russian  
troops are now pursuing their  
beaten foe, adds the statement,  
which follows:

"On the Caucasus front in the re-  
gion of Sakizki, the Russians have  
occupied the town of Eana after an  
engagement, and are now pursuing  
the enemy."

"During Saturday and Sunday a  
fierce battle continued in the region  
of Ognott (west of Erzingan in  
Turkish Armenia) where on Satur-  
day the Russians captured four offi-  
cers, 240 Askaris, one machine gun,  
one howitzer and two cannon. The  
cannon we had to destroy and throw  
over the cliffs as it was impossible  
to carry them away."

**URGES CHURCHES  
TO INVEST FUND  
IN GERMAN LOAN.**

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Sept. 11.—(By wireless  
to Saville).—Archbishop Dalbor of  
the Archdiocese of Gnesen-Posen  
has instructed the clergy to invest as  
much as possible of the funds of  
their churches in the new German  
war loan. The Overseas news agency  
says.

The municipality of Wiesbaden  
has subscribed 30,000,000 marks to  
the loan.

**TAKE COPPER FROM  
STEAMER; SHIP IS  
THEN DESTROYED.**

(ASSOCIATED PRESS TELEGRAM)  
Amsterdam, Sept. 11, via London.  
—The Norwegian steamer Lindborg,  
bound from London for Rotterdam,  
has been sunk by a submarine, ac-  
cording to the Algemeen Handels-  
blad. The crew of the submarine  
stripped the steamer of all copper  
before blowing her up. The crew of  
the Lindborg were landed.

**ITALY ADOPTS  
BLACK LIST OF  
ALLIED NATIONS.**

(ASSOCIATED PRESS TELEGRAM)  
Paris, Sept. 11.—The Italian gov-  
ernment has decided to adopt a  
black list system in principle, ac-  
cording to a Rome dispatch to the  
Matin. The dispatch says that the  
lists already drawn up by France  
and England will be used with what-  
ever other additions the Italian gov-  
ernment may decide upon.

## UNCLE SAM TRIES OUT AIR SCOUT CAMERA ON NEWPORT NEWS

Newport News, Va., as photographed by U. S. air scout from height of 1,500 feet.

During the recent flights at Newport News, Va., of the new twin-motor combination hydroplane, designed for scout duty with the U. S. army, a camera was brought aloft and photographs were made, at various heights of the harbor and surrounding landscape. These photographs demonstrated that while the eye may not be able to discern clearly from above, the lens will reproduce authentically and show clearly to a height of 1,500 feet.

## Joseph Bader Drowned in Spring; Body Discovered By Sister Early Sunday

Joseph D. Bader, 46, who until the  
past few months had been manager  
of the Mazda Theatre, was drowned  
Saturday night when he fell into a  
spring at the Bader farm south of  
the city, where he had spent the past  
month.

Coincident with Mr. Bader's dis-  
posal of the Mazda Theatre in Janu-  
ary, he suffered injuries in a fall  
down the steps at his home, 86  
North Sixth street, from which he  
never fully recovered. He suffered  
greatly with his head and back and  
was subject to dizziness. He had  
been recuperating at the farm, while  
Mrs. Bader visited at her home in  
Columbus.

A brother, Charles Bader and two  
sisters, Misses Anna and Emma Ba-  
der who reside on the farm had gone  
to Newark Saturday evening and on  
returning they saw his glasses, and  
the paper he had been reading, ly-  
ing on the table and thought he had  
retired for the night. His wife had  
talked with him over the phone from  
Newark about 9 o'clock, and when  
she endeavored to get him later and  
failed, also thought he had retired.

When the family arose for break-  
fast, Sunday morning about 6 o'clock  
the water bucket was missed and in  
an endeavor to find it Mr. Bader  
had gone to the spring they called to  
him. Receiving no response, and  
finding his room had not been oc-  
cupied, a search was made. Miss  
Anna Bader found him, with his  
head embedded in the spring. Two  
24-inch tiles had been placed in the  
ground to enclose the spring which

made a well about 6 feet deep. When  
found his hat was still on his head,  
and was forced into the mud. He  
still grasped the bucket and his pipe  
was floating on the water.

It is supposed that he either slip-  
ped and fell on the mud or in stop-  
ping for the water became dizzy and  
fell into the spring. The body was  
brought to the McGonagle undertak-  
ing establishment in West Main  
street Sunday morning. Coroner W.  
L. Jackson who was called, will ren-  
der a verdict of accidental death.

The deceased was born March 25,  
1870 at Fifth and West Main streets  
and had always resided in Newark.  
In 1898 he was united in marriage  
to Miss Lillian Staib of Columbus.  
For several years Mr. Bader en-  
gaged in the insurance business and  
later was one of the first motion pic-  
ture show proprietors in the city. He  
with his partner, William Schlegel,  
deceased, opened the Mazda Theatre,  
where he continued in business until  
the first of the year.

He is survived by his wife, two  
brothers William Bader of West Lo-  
cust street, Charles Bader, south of  
Newark, and four sisters, Mrs. Kate  
Schlegel of North Fifth street, Mrs.  
Augusta Deardorff, of Kibler ave-  
nue, Misses Anna and Emma Bader  
of south of Newark.

Mr. Bader was a prominent mem-  
ber of the Newark Lodge of Elks and  
was a faithful member of St. Francis  
de Sales church, where the funeral  
services will be held Tuesday morn-  
ing at 9:30 o'clock, Rev. Father B.  
M. O'Boylan officiating. Interment  
will be made in Mt. Calvary ceme-  
tery.

## PRESIDENT HAS CANCELLED ALL ENGAGEMENTS

(ASSOCIATED PRESS TELEGRAM)  
Long Branch, N. J., Sept. 11.—  
Cancelling all engagements, Presi-  
dent Wilson left here early today to  
go to the bedside of his sister, Mrs.  
A. E. Howe, who is critically ill at  
her home in New London, Conn.  
The President motored to New  
York and will finish the trip by  
train.

The President arose before 7  
o'clock, after having spent a restless  
night. He appeared greatly con-  
cerned over his sister's illness. The  
departure of the President did not  
delay the opening today of the sum-  
mer executive offices at Asbury  
Park by a staff of White House  
clerks.

**MRS. HOWE WEAKER.**  
(ASSOCIATED PRESS TELEGRAM)  
New London, Conn., Sept. 11.—  
Mrs. Anna E. Howe, President Wil-  
son's sister, who is critically ill of  
peritonitis and complications, here-  
passed a comfortable night but is  
growing weaker, according to a  
statement issued today by Dr. H. M.  
Lee, the attending physician. Dr.  
Lee stated most of the night at  
Mrs. Howe's bedside.

**SNOW IN COLORADO.**  
Denver, Colo., Sept. 11.—Colo-  
rado's first snow of the season is  
falling at Leadville, today, according  
to reports in the local weather bu-  
reau. The precipitation began last  
night and amounts to nearly one  
inch.

## HAVANA TURNS UP BIG POSTAL THEFT; SIX ARE ACCUSED.

(ASSOCIATED PRESS TELEGRAM)  
Havana, Sept. 11.—An official or-  
der of the postoffice department is-  
sued today disclosed that a wholesale  
extortion from the mails of money  
orders addressed to mail order  
houses in the United States has been  
in progress here. An elevator op-  
erator has been arrested in connec-  
tion with the case and five others are  
under accusation. It is charged that  
the elevator carrying mails was stop-  
ped between floors, where letters  
containing money orders were open-  
ed.

**TENNIS STARS  
IN CINCINNATI  
FOR TOURNAMENT.**

(ASSOCIATED PRESS TELEGRAM)  
Cincinnati, Sept. 11.—Many out of  
town tennis stars arrived here last  
night and will be seen in play today  
at the annual tri-state tennis tourna-  
ment which convened here Saturday.  
Miss Margaret Davis, of St. Paul, the  
northwestern champion will also ar-  
rive and probably play today. The  
first round of the ladies' singles is  
expected to be finished late this af-  
ternoon.

**LIGHTWEIGHTS  
READY FOR BOUT  
AT KANSAS CITY.**

(ASSOCIATED PRESS TELEGRAM)  
Kansas City, Sept. 11.—Light  
weights yesterday put the finishing  
touches on the training schedules of  
Johnny Dundee and Ever Hammer,  
lightweights and the two fighters  
were resting today in preparation for  
their 15-round match tonight. The  
winner, it is believed, will get a  
match with Freddy Welsh, light-  
weight champion.

## COLLAPSE

Of Bridge Span on St.  
Lawrence Takes Heavy  
Death Toll

### SIMILAR ACCIDENT IN 1907

Span 640 Feet Long Weigh-  
ing 5,000 Tons Was Being  
Hoisted Into Position  
From Pontoons—Hundred  
Workmen Are Plunged  
Into River With Struc-  
ture—Some Are Rescued

(ASSOCIATED PRESS TELEGRAM)  
Quebec, Que., Sept. 11.—The new  
central span of the Quebec bridge,  
the largest cantilever suspension in  
the world, collapsed and fell into the  
St. Lawrence river while being hoist-  
ed into place today with a probable  
loss of life. Observers on shore saw  
numbers of workmen struggling in  
the water.

The bridge was being constructed  
at a cost of \$17,000,000 in order to  
shorten the railway journey from  
Montreal to the Canadian northwest by  
200 miles.

The bridge stands on the site of  
the structure which collapsed Aug.  
29, 1907, with a loss of 70 lives.

The central span which fell today  
weighs more than 5,000 tons and is  
340 feet long.

The collapse occurred when the  
span was about 15 feet in the air.  
Early indications were that the loss  
of life would be heavy for there  
were 90 men on the structure when it  
fell. Some of these have been res-  
cued.

Observers said that the span broke  
in two places—first one of the cor-  
ners appeared to give way, this fol-  
lowed almost immediately by a break  
in the center.

Boats from among the hundreds of  
raft on which spectators had gath-  
ered were rushed to the spot where  
he span disappeared. The fallen  
structure sank 200 feet to the bottom  
of the river and engineers who as-  
sessed the collapse expressed doubts  
as to whether it would ever be  
brought up again.

The span had been constructed on  
pontoons a few miles east of the  
bridge site and was towed into posi-  
tion immediately under the gap left  
in the anchor arms of the structure.

Chains with links thirty inches in  
diameter together with girders, were  
then attached to the span, and 8,000  
ton hydraulic jacks commenced the  
stupendous task of lifting the span  
into place.

This work could be accomplished  
only a few feet an hour, and as the  
distance from the river level to the  
floor of the bridge is 150 feet, the  
engineers had not counted on com-  
pleting the operation until the end  
of this week or later. The bridge  
was to have been ready for train ser-  
vice next spring, marking an impor-  
tant milestone in Canada's engineer-  
ing railway history.

## FORD SAYS NAVY LEAGUE DID NOT DENY CHARGES.

(ASSOCIATED PRESS TELEGRAM)  
Washington, Sept. 11.—Henry  
Ford, through counsel, filed in the  
District of Columbia supreme court  
today his answer in the \$100,000  
libel suit brought against him by the  
Navy League of the United States on  
account of a newspaper advertise-  
ment impugning the motives of the  
league and its officers in their pre-  
paredness propaganda.

Mr. Ford does not retract the  
statements complained of, but, de-  
clares he had reason to believe they  
were true, and that they had been  
published broadcast throughout the  
country and made often in congress  
without bringing a denial from the  
league, so far as he knew. He points  
out that he voluntarily accepted ser-  
vice in the suit, in spite of the advice  
of counsel that he was not obliged  
to do so.

## SCHOOLS CROWDED IN CLEVELAND ON THE OPENING DAY.

(ASSOCIATED PRESS TELEGRAM)  
Cleveland, Sept. 11.—Cleveland's  
public schools opened today with an  
enrollment of 97,000, with normal  
facilities limited to only 83,000.  
Storerooms, school basements and  
portable rooms were pressed into  
service to provide places for the ex-  
tra 14,000.

## RUSSIAN TROOPS NOW IN SOLONIKA SAYS SWISS REPORT.

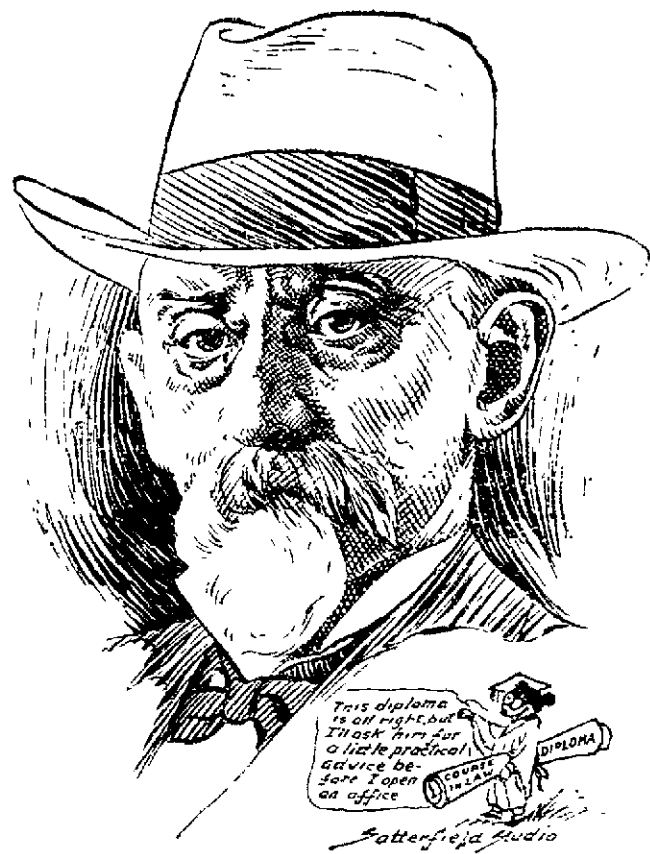

(ASSOCIATED PRESS TELEGRAM)  
Berlin, Sept. 11.—By wireless to  
Saville).—The Overseas News  
Agency says it is reported from  
Swiss sources that with the excep-  
tion of one division all the Russian  
troops which were sent to the  
French front have been transferred  
to Saloniki.

## NAVAL OFFICIAL DEAD.

(ASSOCIATED PRESS TELEGRAM)  
Brookline, Mass., Sept. 11.—Rear  
Admiral George E. Hendee, U. S. N.,  
retired, died at his home here last  
night. He was born in Boston 75  
years ago and was retired in 1902  
after more than 40 years' contin-  
uous service in the paymaster's di-  
vision of the navy department. He  
took part in many naval engagements  
during the civil war.

# Men of Newark

ATTORNEY B. G. SMYTHE, WAS BORN IN NEWARK, AND IS THE son of the late General George B. Smythe, who for more than sixty years was one of the leading lawyers in Ohio, and one of the early settlers of Licking County.

After completing his education in the common schools in Licking County, Mr. Smythe became a cadet or student in the Kentucky Military Institute, near Frankfort, the capital of the state, where he remained two years. He then became a student in the Washington and Jefferson College, in Pennsylvania, and after the expiration of one term entered the junior class of Union College in New York, where he was graduated.

Mr. Smythe then became a student in the law offices of Smythe and Sprague, at that time and for many years afterwards the leading law firm in Licking County, and was admitted to the bar after two years' study.

Mr. Smythe has tried more law suits than any lawyer now living in Ohio, having devoted all of his time and energies to his profession.

## NEWARK PASTORS OF U. B. CHURCH WILL COME BACK

At the concluding session of the conference of the United Brethren church at Westerville, O., last evening, an assignment of ministers was made. Rev. E. M. Larson was returned to Jackson, this county. Rev. A. B. Cox was returned to East Main street church and Mr. R. White to Tenth street. Rev. W. E. Morris was assigned to North Newark.

Rev. I. M. Hoagwood was assigned to Brownsville. Rev. O. C. Wright to Etna, both of this county and Rev. G. F. Hughes to Cooksville, Muskingum county.

The conference selected the names of 15 ministers and 15 laymen as nominees for delegates to the general conference in Kansas City next year. From this list of nominees the congregations in November, by referendum vote, will elect five ministers and five laymen.

E. B. White and H. J. Burkholder of this county were given licenses to preach. D. O. Laymon of Newark was one of 15 laymen nominated as delegates to the general conference. Five are to be elected in November.

At the service yesterday conducted by Bishop George M. Mathews of Dayton, O., Rev. W. F. Harbert of Wellston and Miss Ida Grindell of Westerville were ordained elders. Dr. J. Campbell White, president of Wooster college, delivered two addresses yesterday. In the afternoon he spoke at a laymen's rally and last evening addressed a union service of United Brethren and Presbyterian congregations.

**True Candor.**

"No," said the girl candidly, "you are not, but you are too good for any other girl."—New York Times.

## 500 CHURCHMEN COME HERE FOR MEETING NOV. 2

Rev. Percy O. Ortt, of the Christian Union church, today asked the Chamber of Commerce to write a letter of welcome and invitation to the Delaware District Council, of the church, which will meet in Newark November 2, 3, 4 and 5, this year. More than 500 pastors and delegates are expected to be in attendance. A program has been arranged by Rev. Ortt and endorsed by the chamber for the entertainment of the visitors. Each train bearing delegates will be met by uniformed pages of girls and boys and the visitors escorted to the various places of entertainments.

Rev. Ortt announced that he had secured pledges from 75 owners of automobiles to donate their machines for a sight seeing tour of the city. The Chamber of Commerce took immediate action and has sent not only a letter of invitation and welcome to the council, but also furnished a list of amusements and entertainments offered by Newark.

Rev. Ortt surprised the organization by announcing that he had lined up two other conventions. The District Christian Endeavor will meet in Newark four days the early part of January and the annual council of the Christian Union church of Ohio will meet here sometime in July, 1911. This makes three conventions Rev. Ortt has put across for Newark unassisted. Some record.

### COLLAPSE

(Continued from Page 1.)  
under unprecedented circumstances in the dominion attracted to the scene today several thousand spectators, including members of parliament and newspapermen gathered on vessels furnished by the Canadian government.

Members of the dominion cabinet witnessed the collapse from the deck of a government boat, while American tourists crowded hundreds of other boats of all classes. Eminent American authorities on bridge building and members of the Australian parliament returning home after visiting in Europe were also at the scene and river traffic for ocean going steamships had been temporarily suspended.

The project interrupted today, originated in 1853, when at the request of the Quebec city council a New York engineer submitted plans and estimates.

Courage and capital were lacking, however, and it was not until 1882 that the scheme again was given serious consideration.

The St. Lawrence bridge company at noon estimated the number of dead at 25. Other estimates ran from 16 to 20.

Four men have been rescued. The St. Lawrence Bridge company which was constructing the bridge announced that it would take a roll call of its employees in an effort to determine the exact loss of life.

Several hours after the accident happened at 10:30 o'clock a special train into Quebec brought twenty men who had been injured.

Nine years ago a similar accident at the same spot took a toll of 76 lives. Today 90 men were carried into the river when the 5,000 ton span being raised from pontoons in an engineering feat designed to complete the bridge for trans-continental railway traffic, plunged a distance of fifteen feet into the water and sank 200 feet, perhaps never to be recovered.

Contradictory stories were told regarding the collapse. The pontoons had been removed and the span was being lifted by massive hydraulic jacks when, according to some of the spectators, the northern end of the span fell with the break of girders. Frantic efforts were made to place a chain rope around the tottering structure but with reports like shells exploding the remaining supports snapped and the span disappeared with a tremendous splash. Some of the observers said that the structure also buckled at the center as it fell.

Groups of men at work slipped off into the water and others were knocked into space by flying debris. Scores of craft containing spectators went to the rescue and their endeavors prevented a larger loss of life.

Chief Engineer McMillan was among the injured brought here. He was rescued by a tug.

Five bodies have been recovered. Edward Jordanasis, 22 years old, of Providence, R. I., is among the known dead.

The engineer in charge of the construction whose name is Porter; James Anderson, a blacksmith; Alfred Cadoret, who is badly hurt and Arthur Cadoret, are among the survivors.

### HOLD SMITH FOR THEFT OF \$30; WAS ARRESTED SUNDAY.

Patrolmen Gorman and Hurlbaugh, yesterday arrested Charles Smith, negro, on a charge of stealing \$30 from the plumbing shop of O. D. Hollar, 16 South Fourth street, on August 30.

Smith, it is alleged, entered the plumbing shop and asked for a piece of paper in which to wrap a bundle. When he picked up the paper, Mr. Hollar said, Smith picked up a bag containing \$30. The man was identified yesterday by Mr. Hollar and the bookkeeper at the store.

Mayor Bigbee this morning held Smith for hearing Wednesday afternoon at 2 o'clock.

### FURTHER PLANS FOR "DRESS-UP" WEEK TO BE DISCUSSED

The general committee of arrangements appointed by the chairman, George Herman, of the Mercantile bureau, will meet tonight to continue the formulation of plans for the joint Dress-Up and fair attraction, for the week of September 25 to 30 inclusive.

Fifteen members of the Agricultural Fair Board, headed by President James J. Hill and Secretary Frank B. Dudgeon, called on the Chamber of Commerce officers Saturday and asked for the organization's co-operation in promoting the interest of the coming fair.

The Chamber of Commerce heartily vouched their support to the movement and asked the support of the fair board in promoting the interest of the proposed establishment of the Licking County Farm Bureau. The board also was apprised of the agricultural movement to be instituted in the public schools by Superintendent Wilson Hawkins.

### GREEK KING HAS COMPLIED WITH ALLIES' DEMANDS.

(Associated Press Telegram)  
London, Sept. 11.—A Renter's Athens dispatch says that Premier Zaimis had another lengthy conference with King Constantine on Sunday afternoon after which the cabinet met.

In regard to the shots fired in the neighborhood of the French legation, the dispatch says that the allies' demands have apparently been fully accepted, a though nothing has been officially announced. The closing of the clubs of the reservists' league, a step demanded by the entente, was begun Sunday evening.

### DISSOLVES LEAGUE.

Athens, Sunday, Sept. 10, via London, Sept. 11.—King Constantine personally has accepted the demand of the entente allies that the reservists' league of which he is honorary president, be dissolved.

### FRACTURED SKULL CAUSES DEATH OF ZANESVILLE MAN.

L. Armstrong, Zanesville, negro, who several days ago was found unconscious along the Baltimore & Ohio railroad tracks at Somerset, died early this morning at the Newark Sanitarium. The body will be shipped to Zanesville.

Armstrong never regained consciousness after being taken to the hospital. His skull was fractured and he suffered internal injuries. The train crew which found Armstrong believe he was injured in falling against the end of a tie, as he did not bear marks of having been struck by a train.

### PLAGUE CLAIMS 2123 CHILDREN IN NEW YORK CITY.

(Associated Press Telegram)  
New York, Sept. 11.—Twenty-three more deaths from infantile paralysis in this city occurred during the 48 hours ending at 10 A. M. today, according to a department of health bulletin. This brings the total of fatalities up to 2123 since the inception of the epidemic. Today's bulletin recorded 66 new cases. The average of new cases for the two days covered in the report is smaller than the number mentioned in Saturday's bulletin covering Friday.

### NEW STEAMSHIP LINE WILL START FROM NEW YORK.

(Associated Press Telegram)  
New York, Sept. 11.—A new steamship service between New York and Brazilian ports will be inaugurated by Norwegian interests beginning Oct. 25, it was announced here today by the Kerr steamship line, agents for the Wilhelmsen steamship line of Norway. Four vessels have been assigned to this service. It was stated.

### TONE UP YOUR STOMACH

There is no tonic for the stomach that is not a tonic for every other part of the body. But the stomach depends, as does every other organ, on the blood for its energy.

There can be no perfect digestion without rich, red blood. This is scientifically true. The way then to tone up the stomach is to enrich the blood.

If your digestion is off and your blood is thin there can be no question about it. You need Dr. Williams' Pink Pills to restore the condition of your blood, use care in the selection of your diet and the stomach trouble will take care of itself.

Stomach trouble is debilitating. Dr. Williams' Pink Pills are a tonic and build up the weakened system generally. Most stomach remedies try to direct your food for you. How much better it is to tone up the stomach so that it will do its own work as nature intended. There is no pleasure in eating pre-digested food. Tone up your stomach and your appetite and digestion will soon be normal.

A diet book will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills or a letter will be sent by mail, postpaid, in receipt of fifty cents.

## Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quart pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

## Buying the Wyandotte.

It develops that the Columbus Chamber of Commerce has sought to enjoin the purchase of the Wyandotte building to house the state offices now outside the state house. The objection is that this is only a temporary measure and that the state of Ohio has no right to go into the real estate business. The further objection is the interference with the civic center plan for the beautification of the state capital. Observers are slyly laughing at the turn which has been taken on Governor Willis' play on the phrase, "with the approval of the governor." The point is made that this phrase in the law empowering a committee to investigate and then to purchase a building "with the approval of the governor," gives him, in fact, a double veto and violates that provision of the constitution which says that no act shall be passed to "take effect upon the approval of any other authority than the general assembly."

There is every indication that the Chamber of Commerce will follow this suit to the limit in order to protect the city. It is explained that inasmuch as the building is not large enough to house all the state offices, that it would be a foolish expenditure.

Politically seen, the point is that Governor Willis has received more publicity than he desired of his official branding of the falsity of two of his own campaign issues. He found a deficit sufficiently healthy to earn interest that would pay for a magnificent building outside the state house to house the offices he promised to wipe out or place under the old dome. Q. E. D., as they say in the high school.

## Welcome, Mr. McLain.

Following the example of John L. Sullivan, former Republican State Printer and Republican leader of St. Marys, and Dr. J. C. Pence, prominent Republican of Lima, comes the declaration of Elmer McLain, Republican-Progressive attorney, of Lima, that he is now a Democrat and for the entire ticket, with a special endorsement of President Wilson, Senator Pomerene and ex-Governor Cox. Mr. McLain is a member of the Progressive State Executive Committee, and becomes a Democrat because the Democratic party is the only present factor in securing the passage of progressive acts. He chooses now to become a Democrat because he disapproves the weakling attitude of candidate Hughes, the money expenditure of Myron T. Herrick, and the weakness and pitiable failure of Governor

Willis. He praises the record of President Wilson. Senator Pomerene and ex-Governor Cox, and chooses the Democratic party because it has "demonstrated by its works that it believes in mankind." He condemns the Republican party because it "has got into the firm control of those who put property above humanity."

## Family Reunions.

To some people ties of kinship mean little. They see no reason why second cousins should be anything to each other. A reunion of such distant relatives would seem to them as illogical as for all the people whose names begin with the same letter to form an association.

Yet there are still a great many people who do feel the strength of these ties of clanship. Not as many as formerly as families are scattered nowadays all over the country. Still one sees in the newspapers constant reports of family gatherings, large and small. People travel many miles to attend them.

## Twenty-One Questions.

Candidate Charles E. Hughes and the Republican party are challenged in the Democratic national textbook, which came from the press today, to speak out for or against the record of achievement made by President Wilson and the Democrats.

The challenge is issued in twenty-one brief, direct and pointed questions addressed to Mr. Hughes and the Republicans by the Democratic national committee and the Democratic congressional committee. All the large issues, domestic and international, are treated. The questions carry the caption, "Appeal for Light for Sixteen Million Voters. Let Mr. Hughes and the Republican Party Answer."

These questions are:

1. Do you favor repeal of the Federal Reserve Act passed by a Democratic Congress, recommended and approved by President Wilson, under which the danger of financial panics is forever banished from the United States?
2. Would you have protested against the violation of Belgian neutrality and have backed the protest by plunging America into the European carnage of slaughter?
3. Do you favor repeal of the Rural Credits Act, recommended and approved by President Wilson, which gives long-term credit at interest rates that promise an annual saving of \$150,000,000 to the farmers?
4. Would you have recognized Victoriano Huerta as President of Mexico?
5. Do you favor repeal of the Clayton Anti-trust Act, passed by a Democratic Congress and approved by President Wilson, which threw the principle that the labor of a human being is a mere commodity of commerce?
6. Will you, Mr. Hughes, recommend, and will the Republican party in congress support a law establishing universal compulsory military service in the United States?
7. Do you advocate repeal of the Federal Trade Commission Act, passed by a Democratic Congress,

recommended and approved by President Wilson, which has given so much assistance to legitimate business enterprises and under which adequate protection against unfair competition is provided?

8. Mr. Hughes, would you have tried the policy of diplomatic negotiation as a means of summoning the moral force of law and neutral opinion to stop Germany's illegal use of submarines?

9. Do you favor repeal of the "porkless" Good Roads Act, passed by a Democratic Congress and approved by President Wilson for the development of rural highways?

10. Would you, Mr. Hughes, have broken relations with Germany and sent our young men by the hundreds of thousands to nameless graves at the bottom of the Atlantic or in Flanders before the policy of diplomatic negotiation had had thorough trial?

11. Will you undertake to repeal the income tax, passed by a Democratic Congress, recommended and approved by President Wilson, which places a just share of the burden of taxation upon those best able to bear it?

12. Do you favor violating neutrality and risking the future safety of your country by placing an embargo on munitions of war?

13. Do you favor repeal of the Agricultural Extension Act, passed by a Democratic Congress, recommended and approved by President Wilson, which for the first time provides facilities for carrying direct to the farmer practical scientific knowledge of how to increase the profits of his farm?

14. Do you favor intervention in Mexico?

15. Do you advocate repeal of the Grain Standards and Warehouse Acts, passed by a Democratic Congress, recommended and approved by President Wilson, which aid commerce in the great staple cereals and enable owners of stored agricultural products to secure loans on warehouse receipts on better terms?

16. What is your attitude towards the disloyalists of your party who have attempted to prevent the enforcement by President Wilson, both on the part of the American government and by all American citizens, of an honest neutrality towards all the warring nations of Europe?

17. Inasmuch, as the largest amount collected in any one year under the highest tariff ever enacted (Payne-Aldrich Act) was \$333,000,000, what form of taxation would you substitute to pay a "Preparedness" cost of \$630,000,000?

18. Do you favor the reactionary Republican plan of granting huge subsidies to favored corporations, money collected from the people by taxation, as the best way of encouraging the development of an American merchant marine?

19. Do you favor repeal of the Child Labor Law, the Anti-Injunction Law, the Seaman's Act and related social justice measures of high importance, passed by a Democratic Congress and recommended and approved by President Wilson?

20. Do you favor re-enactment of the Payne-Aldrich Act which betrayed your party's campaign pledge of 1908 and which has been repudiated by many Republican and all Progressive leaders?

21. Do you stand with those Progressives and progressive Republicans in Congress who voted for practically all the progressive measures mentioned above, or do you stand with the reactionary Republicans who voted against them?

In conclusion, the two Democratic committees say:

"President Wilson and the Democratic party submit their case to the American people on the record they have made. Broadly speaking that is the issue of the campaign. Upon the public survey and estimate of that record depends the outcome of the election."

"If, as charged by you, Mr. Hughes, and your supporters, that record is bad and does not justify the continued confidence of the country it will become your duty, if elected, to do all in your power to change that record. We submit that in all fairness the American people, for whose verdict you are contesting, are entitled to know how much of this record you and your party will attempt to destroy if placed in power."

## Widows' Pensions.

When a soldier's widow comes to a lawyer to see about her pension, his advice should be—go to the soldiers' commission in the State house, where the pension won't cost her anything.—Ohio State Journal.

That isn't necessary, either. Simply write to Congressman William A. Ashbrook, Washington, D. C., stating the facts and Mr. Ashbrook will give the matter his personal attention.

The awful menace of sectionalism in this country is once more illustrated by the chance that the Boston teams may win both the American and National league championships.

## Education a Necessity.

(Philadelphia Record.)  
Live and learn. One of the lessons of the war to the people of Great Britain has been the necessity for future provisions for the better education of their children. The lack of proper fundamental training has been a serious obstacle in the task of getting their four million fighting men in suitable trim for waging scientific war. Soldiers at their best are sometimes more than movable machines. The more they know of what they are about the better they can fight. As it has been in England, 90 per cent of the children of the country receive no education what ever after the age of 14. Very many have but the most scanty primary teaching. This formidable fundamental weakness at the outset of the war was in large measure beyond immediate remedy. The necessity for efficient industrial training coupled with elementary knowledge of science and modern languages as the broad foundation of national strength and advancement, as well in times of peace as during times of war, has never before been so impressively shown as during the progress of the great European conflict. The struggle for industrial and commercial supremacy that must inevitably follow the ending of the war will in the long run be decided in favor of the nations best educationally equipped to carry it on. There is a lesson here for the people of the United States of which they cannot too quickly grasp the significance. "As the twig is bent the tree's inclined."

## Quaker Quips.

(Philadelphia Record.)  
Lots of people are poor but proud. Blue blood is often impoverished. All things may come to those who wait, but they are apt to be shop-worn. The self-made man is never averse to responding to calls for the author. Many a fellow is so small that he impresses as being merely a bird's eye view of a man. The strong write arm of the poet doesn't always demonstrate that the pen is mightier than the sword. The devil is called the Princess of Darkness, in spite of which he doesn't always wait till the sun goes down. Life is a menu in which some people never get beyond the soup, and others wait to begin with the dessert. Everything seems to go by contrasts. For instance a man never appreciates his club, till he gets married and has a home of his own. Sillicus—"Then you have never made a study of poetry." Cylicus—"No; all I know about poetry is that blister rhymes with kissed her."

## Spirit of the Press

Editor's Indorsement.  
Last spring Thomas A. Edison declared for Colonel Roosevelt as the man the Republicans should nominate, and the colonel wrote him a letter, stating that appreciation from such a source was so highly estimated that he would make a permanent record of it for his descendants. Now Thomas A. Edison says he will work for the election of President Wilson and will vote for him. Edison takes the view that it is not well to turn over the country to one not experienced in the handling of its affairs, and that the country has prospered and in no way

## HUNDRED PER CENT NOISE

suffered under President Wilson, who therefore should be re-elected. Appreciation from such a source ought to appeal to the country.—Youngstown Vindicator.

Greece.  
Because it lacked both the will to enter the war and the power to preserve its neutrality, the government of Constantine is today the most puerile and absurd in the world. By comparison, Mexico becomes a pillar of stability, and the ruler of Hayti firmly established.—Philadelphia Telegraph.

Danish West Indies.  
All three of the Danish West Indies have voted in favor of the sale of the islands to the United States. The reason of their anxiety is not at all a promising one as far as this country is concerned. They want to join us because they are in a deplorable condition, a condition that does not amount to a strong inducement to this country to take them into its fold. The last island, Santa Cruz, appealing to the Danish government to sell them to the United States says: "There is no hope otherwise of rectifying our condition in the future." So the attitude of this nation in taking on these islands is purely altruistic. Didn't we start out as the refuge of the oppressed of all nations and aren't we keeping it up? When the three sisters come into the household give them a welcome, and furnish them with plenty of joy.—Ohio State Journal.

Sex Lines in Modesty.  
At intervals every summer attempts are made by individuals, organizations or public authorities to compel women bathers to put on shoes and stockings. But no one ever hears of any attempts to compel men bathers to don these garments. At the municipal pools girls and women may go barefoot and barelegged. The private pools have adopted the fashion also, though some of them still have rules posted that women must wear stockings.

Who originated these protests, and why? Visitors to the municipal pools must admit that the women bathing there are both modest and appear modest without stockings. Or if they do not, why do the men? Is there any sex line in modesty, or is this annual hubbub about women's feet simply an evidence of the immodesty of those who start it?—St. Louis Post-Dispatch.

Gay days come soon and I am alone.  
Can you hear my moan where you rest, ardent?

When the wild fire burns the deep blue cherry.  
In mighty deep hail our love kissed merry.  
By you come no more where the woodlark calls.  
And the gray days fall on my grief, —Francis Ledwidge

Giddee!  
A rummy guy is Ignate Mutt.  
At least, so people talk.  
He always drunks straight whiskey, but he has a crooked walk.  
—Luke McLuke

Ignate is tall—six feet or more.  
Alack, alas, and so.  
Another paradox we score.  
Which is that he is low

Aunt Caline Says:  
Dear A. Corn.—Well, well, but I was sure glad to hear from you. I figured out you must be one of Iva Corn's boys.

I knew she had married an' raised a right smart crop of Corns an' I remember they was one of the boys that was wild like an' was invariable in the woods. Some, said he, he wasn't right in his head but I always thought maybe he was more right than them as talked about him.

sell-oh, and if he really rose to the occasion he'd mauve.

Peer Anthony Comstock.  
Stern Sarah said, "Avaunt, sir, you are surely quite uncouth."  
And his offense was merely that he told the naked truth.

Indoor Amusements.  
About all the real fun a paragon gets in this old vale of tears is in the way of exposing our prominent shams, frauds, fourflushers and whited sepulchers in their true light occasionally and being roundly denounced for it in our very best society.—Ohio State Journal.

Then there is always the pleasure of hoping that some whom we know will jump into the adjoining political field so that we may, in our impartial and unbiased way, describe them in nudis verbis, as we say in the Advocate office when we can get access to the dictionary.

Autumn Song.  
O let us sing an autumn song!  
The days are growing shorter.  
But still we're working just as long.  
Tho' we don't think we're older.  
—Springfield Union.

When vernal seasons come, you'll sing  
That you would think 'twas winter.  
Because the days grow long in spring,  
To make you labor longer.

Did You Know  
That tonight is the first night of the Harvest Moon? In some latitudes, at the time of full moon nearest the autumnal equinox, it happens that the moon rises for several days nearly at sunset, and at about the same time by the clock, instead of rising, at it usually does, 52 minutes later on one day than on the day preceding. As this phenomenon occurs at a time when the farmer is busy with his harvest and very opportunely supplies him for several evenings with light sufficient to continue his operations after sunset, the moon at this stage has received the name of "Harvest Moon."

You planted a garden? Now begging your pardon, was it a financial success? Or did each tomato, string bean and potato cost more than on market, or less? Your experience tell us, you gardening fellows, and write it in limorick verse; veteran or beginner, the one that's the winner will get a round plank for his purse. The 15th of September you please will remember, is the date when they all must be in; put in your best lines, then, by Friday at six when we decide which one merits the tin. Oh, yes, wait a minute, just please to begin it with the line you will find just below; and with zeal undiminished, send to us when you're finished, care Advocate, as you all know: I planted a garden last year

## Our Boys and Girls

The moods of a child are nature's sign posts, they tell us which way to go to guide the child to the best manhood and womanhood, how to save wastes of strength and time in training. Watch a child, and if it is allowed to indulge in its moods unchecked and unrestrained you will be able to tell just what it will be by and by.

Put half a dozen children together at school or play and while everything goes easy they will be very much alike, but let something unusual happen, and the real nature of each child will show itself.

If the children ask for something and it is denied, then the real character is uppermost directly. Some will cry, others sulk, some rage and others whine, while the well behaved children who have confidence in Mother's wisdom, as well as in her love, will be sure that there is a good reason for the denial, and will not allow it to mar their cheerfulness or spoil their joy.

## Every Day Etiquette

"Should I write to a young man I met while on a vacation this month and whom I like very much?" asked Myrtle.

"A girl does not write to a young man whom she has met on a summer vacation unless the agreement has been made between them before separating. The man will ask the privilege of writing to her first," advised her mother.

As It Is Now.

"Will you marry me, my pretty maid?"

"How many cylinders has your automobile, sir?" she said.—Louisville Courier-Journal.

## Wise Mothers Send Tots For Chiclets

Every day's a picnic since the kiddies discovered Chiclets. Every munch makes them like Chiclets better and does a whole lot to keep them in good health.

The pure, snow-white candy jacket melts into a pillow of the dandiest gum ever made.

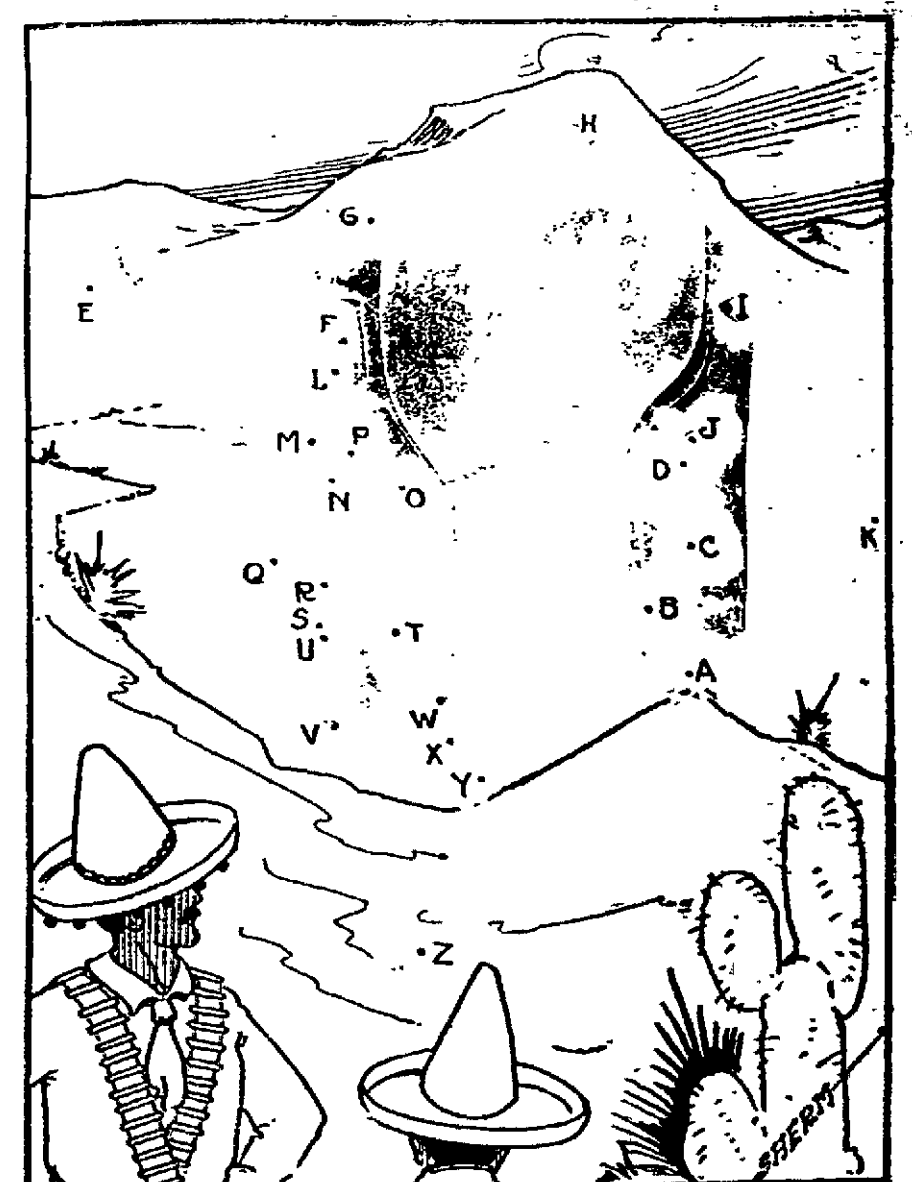

Mothers all O.K. Chiclets. They satisfy that craving for candy—and last, happily, for hours.

## THE ALPHABETICAL DOTS

By CLIFFORD LEON SHERMAN

"Well," said Tommy, as he snuggled alongside of his father on the latter's return from the border. "did you see any Mexicans?"

"Surely I did," was the reply, "all you have to do is to go down to the bank of the Rio Grande and look across. They look a good deal like anybody else except that their skins are darker."

"Do they ever come across the river?" asked Tommy.

"The peaceful ones do, but the soldiers always stop on the other side when they see a—"

## Milady's Boudoir

How to Sleep.

Are you getting the full benefit of your night's sleep, or are you restless and disturbed by bad dreams? Do you awake refreshed for the day's mental activities, or are you tired and soggy feeling all the morning?

There is no such thing as that tired morning feeling to the woman who sleeps properly. She would awake completely rested, and mentally refreshed.

The proper position in sleeping is misunderstood by the majority of people. The only correct and beneficial sleeping position is secured by laying flat on the back, the hands down at the sides, the limbs extended at full length, and the whole body relaxed.

To sleep on the left side, is harmful for the heart, habitual sleeping on the right side spoils the contour of the face, and sleeping on the stomach courts indigestion. The arms should never be thrown above the head.

Four hours of sleep in the correct position is more beneficial than eight hours in a cramped posture. At first you may find it difficult to change your mode of sleeping, but a few nights of practice will obliterate all earlier acquired habits.

You sleep one-third of your life, so sleep it properly as you would live it.

Quite Naturally.

Alvin presented to Tod a handful of marbles. Tod was delighted, and gazed on them in rapturous silence. Alvin, thinking to give him a lesson in politeness, asked:

"What do you say Tod?"

Tod looked up with wide brown eyes and said:

"Have you got any more?"—Christian Herald.

## "An Old Drinking Soak," Expresses Much Gratitude

"I want to thank you and the Neal Institute for what you have done for and old drinking soak," writes a man to the doctor in charge of the Neal Institute.

"I am getting along fine, never felt better in my life, and don't care for drink of any kind. I have not lost ten minutes' time since I left you and have enough work ahead to last a year."

Although names are never revealed, this former hard drinker is so enthusiastic over his restoration to self-mastery that he adds: "You can refer any inquiries to me."

Three days of the Neal Treatment will change craving desire for liquor into intense dislike of anything alcoholic.

The Neal Treatment is a physician's harmless vegetable remedy, taken internally, with no dangerous hypodermic injections. There is no publicity.

# AITKIN WINS ALL SPEEDWAY RACES: LAST WAS THRILLER

Indianapolis, Sept. 11.—John Aitken won all three of the events of the Harvest auto racing classic here Saturday. He drove the last of the 100-mile event with a broken steering arm. Aitken led consistently throughout the race, except for a lay or two, with Eddie Rickenbacher a close second. When the steering arm broke, Rickenbacher took the lead. As he was in his ninety-fifth mile and going 90 miles an hour, a rear wheel crumpled. His car whirled several times both ways and stopped in the grass at the side of the track. Neither Rickenbacher nor his mechanic was injured. Aitken then finished a safe lead over the others. The time was 1 hour and 7.05.04, an average of \$9.44 miles an hour.

In the 50-mile event Hughes was less than the length of a car behind Aitken at the finish. The time was 32.04.61, an average of 91.81 miles an hour. The best time was made in the 20-mile event. The average speed was 95.05 miles. The time was 12:37.35. Howard Wilcox was second, Chevrolet third and Hughes fourth.

# CHUCK EVANS IS HOLDER OF TWO GOLF TITLES

Philadelphia, Pa., Sept. 11.—The greatest honors in the history of modern golf fell to Charles Evans, Jr. of the Edgewater Club, Chicago, when he defeated his fellow townsman, Robert A. Gardner of the Hinsdale Club, 4 up and 3 to play, in the final round of the national amateur golf championship tournament at the Merion Club course here Saturday.

# CENTRAL CLOSING SEASON: SERIES HAS BEEN PLANNED

Cincinnati, Sept. 11.—The Central League baseball season closed yesterday with Dayton winner of the first half of the season and Springfield the last half. Springfield took the pennant for the last half by winning a doubleheader yesterday. According to word received from President E. W. Dickerson arrangements have been completed for a post-season series which will start next Wednesday at Springfield and in alternate cities thereafter. World's series rules will govern the games, and the team winning four games will be champion.

# PANHANDLES ARE ELIMINATED BY STROLLERS TEAM

Cleveland, Sept. 11.—Columbus Panhandles were eliminated from the struggle for the national amateur baseball championship by the Telling-Strollers here yesterday in a weird yet wildly exciting game. The score was 12 to 10. The Panhandle-Strolled game was the second section of a double-header. In the first section the Telling-Strollers defeated the Eazie stamps in the third and final game of the Cleveland championship series.

Manager Novaro of the Cleveland team made a strong plea for a three-game series with the Panhandles.

The Cleveland men finally were forced to give in and the fight was on.

# LUKE AND GIBBONS, THE ORIGINAL STROLLERS, WERE DRIVEN FROM THE MOUND EARLY IN THE GAME

Back From Peninsula.

Ralph Hutchison of Hudson avenue returned yesterday from a three weeks visit at Mackinac Island and Grand La Salle in the Les Cheneaux islands. He enjoyed some splendid fishing, catching 125 perch one day

In three hours with two companions. He also landed a dozen big grass pike during his stay, each of which weighed over ten pounds. Incidentally it might be mentioned that Mr. Hutchison returned with the hay fever, which never bothered him during his stay in the north.

Masonic Chorus.

Rehearsal tonight at the Temple. Everyone desired present.

A Feature for the Children.

In today's Advocate is commenced a series of pictures intended for the children, though grownups will find them of interest also. The pictures are called "The Alphabetical Dots" and are drawn by Clifford L. Sherman after a trip to the Mexican border. These pictures and stories are completed by drawing a line through the letters of the alphabet in their proper sequence.

Elks Attend Funeral.

The members of Newark Lodge of Elks, No. 391, are requested to meet at the club at 8:30 o'clock Tuesday morning to attend the funeral of Brother J. D. Bader.

Back From Trip.

James Murphy, the West Main street grocer, returned Saturday evening from a several weeks' trip to Brevort Lake, Mich., where he enjoyed some excellent fishing. As proof of his prowess with rod and reel he shipped home by express a barrel of fish which he caught, a number of them weighing over ten pounds. Mr. Murphy also visited at Macinac Island and St. Ignace, having gone there to escape the annoyances of hay fever.

Dump Fire.

Firemen from Central fire station, early Sunday morning fought two hours to check a blaze in the dumping grounds in the north end of the city. The origin of the fire is unknown.

## STEFANSSON'S PARTY REACHES SEATTLE, WASH.

(Associated Press Telegram)  
Seattle, Wash., Sept. 11.—The steamship Northwestern arrived from Nome, Alaska, today with seven members of the Stefansson Canadian Arctic expedition that left Victoria, B. C., in the ship the Karluk June 17, 1913. The men are Dr. Rudolph M. Anderson of Des Moines, Ia., second to Stefansson in command of the expedition; John J. O'Neill, geologist of Port Colborne, Ont.; J. R. Cox, topographer, Ottawa, Ont.; Diamond Jenness, anthropologist, Wellington, N. Z.; Fritz Johansen, naturalist, Copenhagen; George H. Wilkerson, photographer, London, and Kenneth G. Chapman, topographer, New York. Anderson and his party will go direct to Ottawa.

Anderson and his accompanying scientists escaped the misfortunes that were encountered by the branch of the expedition that went from Nome on the Karluk which was wrecked in the Arctic ice the first winter out. Thirteen members of the Stefansson expedition, including five scientists, perished in the north.

## SUES RAILROAD FOR ARREST; CASE TRIED THREE TIMES.

(Associated Press Telegram)  
Columbus, Sept. 11.—The Cuyahoga county court of appeals today certified to the supreme court the appeal of the Pennsylvania railroad company for a decision awarding Edward Hobbs of Cleveland, \$1800 for alleged false arrest in Pittsburgh in 1912. The case has been tried by the lower courts three times. Hobbs was accused by an Italian passenger on a Pittsburgh-Cleveland train of having picked the Italian's pocket. The conductor turned Hobbs over to the authorities and he was sent to jail nine days before being acquitted. Decision in the case is said to rest on whether the conductor had "probable cause" for Hobbs' arrest. There have been conflicting decisions on this point in the lower courts.

## SUCCESS OF A NEW REMEDY FOR BACKACHE, KIDNEYS, RHEUMATISM.

Dear Mr. Editor—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased the pain and gave me relief in such a short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to any one who suffers as I did. (Signed) MRS. MARGARET E. SNIDER, Box 115, Potsdam, Ohio.

NOTE: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the EXCELSIOR HOTEL and SURGICAL INSTITUTE, in Buffalo, N. Y.

Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism. If you've never used the "Anuric" cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Golden Medical Discovery" which makes the blood pure, his "Favorite Prescription" for weak women and "Pleasant Pellets" for liver ills.

## GRAND JURY IS CHARGED; WILL WORK ALL WEEK

Judge Park P. Blair opened the September term of common pleas court in this city on Monday morning.

The first business to come before the court was the charging of the grand jury. After receiving the instructions of the court as to the duties of the jurors during their deliberations, the court took up the motion and demurrer list. A number of motions and demurrers were argued and submitted. About 50 witnesses were in attendance upon the grand jury today. There will probably be sufficient grand jury work to last this week and a part of next week. In the case of Mary L. Kuhn vs. Chas. Kuhn, William Longel was appointed guardian ad litem.

## PRISONERS ASK TO TESTIFY FOR WARDEN THOMAS

(Associated Press Telegram)  
Columbus, Sept. 11.—Warden P. E. Thomas of the Ohio State penitentiary announced today that he had received letters from 50 prisoners who wish to testify in his behalf at the hearing, which will begin at the prison tomorrow, of charges that the warden and his assistants have been cruel to prisoners. Warden Thomas announced that if necessary he would call in every prisoner in the institution and have them testify as to the truth of the brutality charges made against him. It is said that 45 prisoners have announced that they will testify against the warden. Others who have been subpoenaed to testify for the prisoners making the charges are three Lima newspaper men, associated with the paper which published the charges, and Newton Miller of Columbus. A. E. McKee, Columbus, correspondent of a Cleveland newspaper, who has investigated the charges, and Major Walter Collins are the only outside persons subpoenaed to testify in behalf of the warden. John G. Price, special counsel in the attorney-general's office, will conduct the hearing for the state board of administration. Warden Thomas has retained no legal counsel. He will conduct his own defense.

## BERLIN REPORTS ANTI-WAR RIOTS IN BUCHAREST

(Associated Press Telegram)  
Berlin, Sept. 11.—(By Wireless to Sayville.)—Notable anti-war demonstrations in Bucharest are reported by The Cologne Gazette. An open meeting, attended by several thousand workmen and socialists, was held according to the newspaper. All the speakers violently denounced the attitude of Premier Bratiano. A resolution was unanimously adopted. The Gazette declares, urging the Rumanian government to rescind its declaration of war.

The Lokal Anzeiger reports that a serious revolution has broken out in the portion of the Dubrja province still held by the Rumanians. According to these advices peasants gathered in large numbers and raised the Bulgarian flag, the crowds firing at the third battalion of the Rumanian gendarmes regiment which was sent to the scene, the revolutionists finally dispersing the troops and making prisoners of 100 of their number. Following this incident the advices add, insurrections broke out in towns in all parts of the province.

Paste This on the Family Tool Chest.

The idea of this cabinet is to furnish amusement to the family when they have scratched up all the furniture and done all the damage elsewhere they can think of; therefore

Do not replace or put back anything that you take out of these drawers. Try, if possible, to select and remove from this cabinet some article or tool that is absolutely indispensable, leaving it preferably out in the back yard.

If you have anything hanging about your room that is of no earthly use you might store it in one of these drawers.

Remember that the main idea of having this cabinet on the premises is gradually to fill it with utterly useless things.

And remove from it at the same time all the useful things.

Patience! Keep at it and you are bound to succeed.—Life.

The Prayer He Needed.

The following amusing incident was witnessed the other day at a London railway terminus. A Salvation Army lassie was selling The War Cry at the windows of the trains. In one of the compartments were a number of "knuts," and one of them, thinking to have some fun at the expense of the sister, asked her if she would offer up a word of prayer for him.

Rising to the occasion, the sister put her hand on his head and, to the amusement of those within hearing distance, replied: "O Lord, make this young man's heart as soft as his head."—Tit-Bits.

## AMERICANS MAY BE ASKED TO GO BACK TO MEXICO

(Associated Press Telegram)  
New London, Conn., Sept. 11.—An inquiry which has for its object the return to Mexico of Americans with property interests there, was begun here today by the American-Mexico joint commission. It was indicated that if the facts disclosed warrant it, the state department might withdraw its warning that Americans stay out of the neighboring republic for the present.

At the suggestion of the American delegates, their Mexican conferees began presenting detailed reports as to the progress made since the recognition of General Carranza, toward re-establishing order. Whether Americans are to be invited by their own government to return to their properties, it was indicated, depends apparently upon showing that can be made as to the ability of General Carranza to protect them from bandits.

Another phase of the discussion soon to be taken up will be the various decrees issued by General Carranza which are held to be confiscatory by Americans operating in Mexico.

## MAINE SOLDIERS VOTING UNDER LAW FIFTY YEARS OLD.

(Associated Press Telegram)  
Laredo, Tex., Sept. 11.—Members of the Second Maine Regiment of national guardsmen doing duty along the Mexican border today voted in the elections held in their state. The privilege of franchise was accorded under a law passed by the state of Maine during the Civil war, authorizing soldiers in the field to vote. The ballots will be sealed and forwarded to the secretary of state of Maine. Election supervisors consist of the three ranking officers of the regiment.

## ONE CHILD IS DEAD; TWO BADLY BURNED; PLAY WITH MATCHES.

(Associated Press Telegram)  
Alliance, O., Sept. 11.—Nelson Christy, six, is dead and his older brother James and younger sister, Ruth, are so severely burned that their recovery is very doubtful, as the result of playing with matches. While using the matches as toys last night, Nelson's clothing caught fire. His sister and brother were severely burned while rolling him on a bed in an effort to extinguish the flames.

Thwarted Ambition.  
"When I was a boy," said the gray-haired physician, who happened to be in a reminiscent mood. "I wanted to be a soldier; but my parents persuaded me to study medicine."

"Oh, well," replied the sympathetic druggist, "such is life. Many a man with wholesome aspirations has to content himself with a retail business."—Tit-Bits.

COMING OF CHRIST DISCUSSED BY EVANGELIST MILLER AT TENT MEETING.

Will Be Literal Appearance of Savior—Manner of His Coming Is Described in the Bible.

Great interest was manifested yesterday at both the meetings held at the big tent, corner West Main and Eleventh streets. The subject in the afternoon, which was presented by Evangelist Miller, dealt with the inspiration and infallibility of the Bible as the Word of God. This evening topic "The Second Coming of Christ" was discussed by Evangelist W. W. Miller.

Mr. Miller said that the second coming of Christ will be literal, personal and universally visible, accompanied by hundreds of millions of beautiful angels. He claimed that there is not a subject in all the books of the Bible concerning which so much has been spoken and written as that of the second coming of the world's Redeemer. "The first advent, and his death on Calvary would have been in vain but for the second advent to claim that which he has purchased by his death. The second coming of our Lord is the consummation of the entire plan of salvation. It is the climax of all prophecy; the fulfilling of the hope of all the patriarchs, prophets and faithful believers and martyrs in the past." Yet, he continued, "there is no event in God's plan which will be so grossly misrepresented or concerning which there will be such a multitude of false theories in the last days, as the return of our dear Lord, spoken by Paul as 'that blessed hope.'"

"The plain reading of the Bible will make clear to any mind the manner of Christ's return. The record in Acts, chapter one, verses nine to eleven, says, 'and when he had spoken these things, while they beheld, he was taken up, and a cloud received him out of their sight. And while they looked steadfastly toward Heaven as he went up, behold two men stood by them in white apparel, which also said, Ye men of Galilee, why stand ye gazing up into heaven? This same Jesus which is taken up from you into heaven shall so come in like manner as ye have seen him go into heaven.' This is very plain. He went away in a cloud, and if he returns as he went away, he will return in a cloud. He was visible when he ascended. He possessed a real body composed of flesh and bones. When he reappears, he will descend a real man,—this same Jesus."

In the afternoon address, Evangelist Miller said, "The whole Bible is the Word of God. The old, as well as the new testament, forms a part of that Word. The two testaments are inseparable. They form a divine unit. Together they constitute the medium of communication between God and man." He argued that without the support of each other neither the old or the new testament is fulfilled in the new testament, he said, "and the things which are claimed in the new testament have the support of the prophecies of the old testament, in that they were predicted centuries before they actually occurred. The old testament is the new testament unfolded; the new testament is the old testament concealed; the new testament is the old testament revealed. The old testament is the new testament contained; the new testament is the old testament maintained. The old testament is the new testament inclosed; the new testament is the old testament disclosed."

"The same spirit which prompted the writing of the new testament prompted also the writing of the old, for the new testament says that the spirit of Christ was in the prophets when they wrote the old testament (1 Pet. 10-11)."

"The Holy Spirit, which was manifested in such power at Pentecost also operated throughout the history of the making of the old testament, so that truly the manifestation of the Holy Spirit in new testament

times was not a new thing, as some people think. The Holy Ghost Dispensation, as is frequently expressed was not limited to new testament times, but covered the entire history of God's dealings with man since the fall. Its manifestation may have varied at times, but it was nevertheless the same spirit always."

"When Philip talked with the Ethiopian in his chariot, the new testament says that he 'preached Jesus' from a text found in Isaiah 53:7, which is in the old testament. According to Acts 8:35, this sermon resulted in the conversion of the Ethiopian."

"Paul wrote to Timothy that the scriptures were able to make him wise unto salvation (2 Tim. 3:15.) When he wrote this to Timothy the new testament, as such, was not in existence. Therefore he spoke of the old testament as containing salvation for the believer in new testament times. The Bible is a sinless book, a perfect book. It contains God. Yet clothed in its human language, written by human beings, it is not above criticism and attack by those who are unfitted to comprehend the depth of the riches both of the wisdom and knowledge of God. Those who, through unbelief, do not recognize in the Bible the word of the living God would not have recognized Christ as the Son of God had they lived in his day. How true are the words of the poet:

"A glory in the Word we find,  
When Grace restores our sight;  
But sin has darkened all the mind,  
And veiled the heavenly light."

"When God's own spirit clears our view,  
How bright the doctrines shine;  
Their holy fruits and sweetness show  
The author is divine."  
The subject announced for tonight is, "The Second Coming of Christ."

## SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

## SPECIAL RATES FOR MEMBERSHIP IN THE Y. M. C. A.

At a meeting of the membership committee of the Y. M. C. A. held Friday, the matter of a special rate of membership for non-resident students of the high school, and business colleges was discussed. The committee will recommend to the board of trustees on Thursday evening that the following rates be made to this class: Social privileges, \$1 a year; social and bath, \$3 a year; social, bath and gymnasium, \$4 a year. These memberships are subject to certain regulations as to hours of use of privileges. Any members using special dressing privileges for athletics will be subject to the regular rates. A special arrangement has been made with the high school boys to use the baths and dressing privileges through the football season.

After enjoying a good dinner out in the orchard the afternoon was spent in games.

The next reunion will be held at the home of J. L. Switzer of Basil, on the last Thursday in August, 1917.

**Even the Animals.**  
In a shop recently, a well-known actress, who is noted for her pet animal, asked for a traveling bag of alligator skin. The shopkeeper, who had none of that particular sort, brought out instead some of smooth leather. "And you tell me this is alligator skin?" objected the actress. "Why, where are all its wrinkles?" "Ah, madam," replied the witty dealer, who knew his customer, "wrinkles are out of vogue. The correct alligator bag is made from the skin of an alligator that has been massaged."—Christian Register.

## OBSOLETE

ORDINANCES LEGALLY IN FORCE BUT CONDITIONS MAKE THEM INEFFECTIVE.

Changes in Mode of the City's Life Render Many of them Unnecessary.

There are many laws upon the Statute and ordinance books of states and cities which have fallen with innocuous desuetude, and fail of enforcement for different reasons other than executive lethargy or incompetence. Oftentimes conditions which seemed to call into being legal regulations, have changed or ceased to exist, and present the enforcement of these laws would be forcible or impossible.

For instance, a law prescribing the burning of witches is said still to exist in Massachusetts, and others equally ludicrous in this day and age could be found in other states. City Solicitor Ralph Norpell and an Advocate reporter were looking over the index of ordinances now in full force and effect the enforcement of which is now unnecessary. Many of these relate to the regulation of the keeping of domestic animals. One of these provides that, bogs, shoats or pigs must not be raised within 200 yards of a dwelling house in Newark. Another makes it a misdemeanor to allow any horse, mule, cattle, sheep, goats, chickens, swine or any animals of the dog kind to run at large upon any street, alley or public place. The part relating to dogs might well be enforced now, the other parts are unnecessary.

It is unlawful at present to feed any horse, mule, or other animal at the hitching chains around the court house square. The only animals "hitched" there now are dozens of automobiles.

In the days when bicycles were the rage, council made it compulsory for the rider to equip his machine with a bell. The Klaxon horn upon motorcycle and automobile now would drown out the light tinkle of the old bicycle bell.

Boys are liable to arrest, who "ring door bells, knock or rattle at any door, gate or window to the annoyance of the occupant of any dwelling house."

It is unlawful to destroy nests, eggs or young of any bird, but it has been a very long time since any prosecution was begun under this ordinance.

A law providing that all milch cows in the city must be kept in wholesome quarters with proper water and food is nearly obsolete. There are few such animals kept in Newark today, and animal sanitation is becoming more and more developed and better understood so that there would be little need to enforce this ordinance.

It is provided that the "Board of Public Service shall appoint a dog catcher and pound master who shall serve at such times and receive such pay as the board determines, but such pay shall in no case be more than the dog license fund." There is at present no such a functionary in Newark.

Boys should remember that it is

a misdemeanor to play "shinny" on the street.

A law which probably was enforced years ago provides a punishment for any "tallow candler, distiller, tanner, brewer, soap boiler, meat packer, dyer or livery stable keeper," to "discharge any nauseous liquids upon adjacent lots."

All such now is taken care of by the sewer system.

There may be many others of these obsolete ordinances made to by the change in environment and methods of city life.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and youthfulness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients for 50 cents a large bottle, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's Sage and Sulphur" because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous. This ready-to-use preparation is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

## DEMONSTRATION OF THE KETTROPHONE.

After the Newark Trades and Labor Assembly adjourned the regular meeting Sunday, the delegates were asked to allow a demonstration of the New Art Cabinet Company's Ideal Ketrophone, a musical instrument now being manufactured in the city. Every delegate present remained and they were more than paid "time and a half" for the hour spent.

This company is one of Newark's newest industries and the music as well as the high class of workmanship of the cabinet were complimented by every member.

Mr. R. F. Kettinger, representing the manufacturers who are located on the corner of East Indiana and Boylston streets, formerly the chair factory in the East Side, was present and seemed very well pleased with his reception. But the music was the real thing.

The new instrument was from the P. J. Farrell Music Store and the demonstrator and salesman Mr. Q. Martindale needs no other recommendation than the name. Demonstrator, for one hour beautiful up-to-date musical selections were played to the gratification of all present. Come again gentlemen. We wish you and your undertaking every success.

Press Committee.

## WOMAN SO WEAK COULD NOT SLEEP

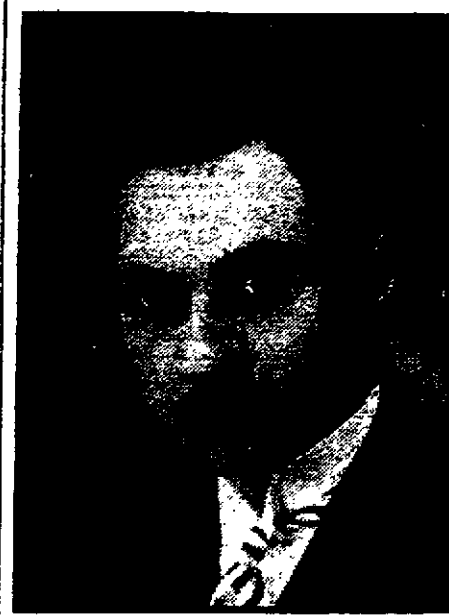

Made Well by Lydia E. Pinkham's Vegetable Compound.

North Oxford, Mass.—"I had lost three children and I was all run down and so weak I could not sleep at night. My eyesight would leave me and everything I ate upset my stomach. I was very nervous and if I would start to sweep I would have to stop and lie down before I could finish. I was looking over the paper one day and read of a woman who felt as I did and took Lydia E. Pinkham's Vegetable Compound, so I took it too. Now I am proud to tell you I am feeling fine and have given birth to a boy baby. He is my 'Pinkham' baby. I keep a bottle of Compound in my house always."—Mrs. PETER MARCO, Box 54, North Oxford, Mass.

Sleeplessness, indigestion, weakness, and nervousness are symptoms which indicate a lowered vitality of the female organism, and the tonic, strengthening properties of the good old fashioned roots and herbs, contained in Lydia E. Pinkham's Vegetable Compound, are just what is needed by every woman who is in Mrs. Marco's condition.

For free advice in regard to any annoying symptom write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

## ANNOUNCEMENT

BEAR IN MIND That a piano is more than a piece of furniture in its mechanism, and delicate in its case, and often receives greater injury through lack of care than from excessive use. Therefore, it is urged that the following rules should be carefully observed: Tuning. Have your piano tuned at least once a year, and twice if the usage received warrants it. This not only adds years to its life and usefulness, but greatly assists in educating the ear to discriminate between chord and discord. Action Regulation. To preserve the musical and mechanical qualities of a piano, the action should be regulated not later than the second year after purchase. The regulating of a piano action is distinct from the tuning, which is only placing the strings in proper unison and at the correct pitch. Too much stress cannot be placed upon the necessity of regular and expert tuning. The enemies of your pianos are moths, mice, dust, neglect, fake and unprofitful tuners.
